

Shuttle Information for Returning International Pasengers

On arriving flights, please clear customs as quickly as possible to avoid shuttle delays. You may be required to wait for other passengers on a shared shuttle service. If you or your flight are delayed there is the possibility that your shuttle may have to leave but your booking will be passed to the next shuttle. This does not apply to Private Charter bookings. If your customs clearance is longer than 45 minutes then please contact Luxury Airport Shuttles.

1 When you leave Customs you will walk through sliding doors and this sign will be in front of you. You **MUST** follow the arrow and turn left.

2 You will then see this stand, this is where you will meet the Luxury Airport Shuttles driver, they will be wearing a turquoise shirt and there will be a yellow sign with your name on it.

IMPORTANT

It is most important that contact is made with your driver as soon as you walk through the doors from customs, **DO NOT WALK OFF** anywhere else as your driver will be looking for you.

If you do not see the driver then please go to the i-site (Information) desk and they will direct you to the meeting place.

Luxury Airport Shuttles contact number is **0800 454 678 or +64 7 547 4444**
