Shuttle Information for Arriving International Passengers

On arriving flights, please clear customs as quickly as possible to avoid shuttle delays. You may be required to wait for other passengers on a shared shuttle service. If you or your flight are delayed, there is the possibility that your shuttle may have to leave but your booking will be passed to the next shuttle. *This does not apply to Private Charter bookings*. If you think your customs clearance will be **longer than 1 hour**, please contact Luxury Airport Shuttles.

1 When you leave customs, you will walk through the sliding doors and turn **LEFT**.

2 Your driver will meet you after their break near the One.NZ and Spark Mobile counter.
Please meet your driver there no later than 15 mins before your estimated departure time.

3 Look for the Luxury Airport Shuttles driver, they will be wearing a blue-ish grey shirt, or black jacket, with a sign reading 'Luxury Airport Shuttles'.

Luxury Airport Shuttles contact number is
